Project Name: Enterprise Cloud Modernization & Dashboarding

Issue Date: October 1, 2026

Submission Deadline: December 31, 2026

1. Introduction

Acme Corp is seeking a strategic technology partner to modernize our legacy data infrastructure and build a highly responsive, secure web dashboard for our executive team.

2. Technical Requirements

- The vendor must utilize modern frameworks, specifically React for the frontend and PostgreSQL for the database.
- The system must be cloud-native and capable of scaling to 100,000 concurrent users.
- The architecture must support AI-driven insights using open-source embedding models.

3. Compliance Requirements

- The vendor **MUST** hold an active SOC 2 Type II certification.
- All data must be encrypted at rest (AES-256) and in transit.

4. Evaluation Criteria & Experience

- Vendors will be evaluated based on their past performance.
- Must provide evidence of successfully delivering a similar project for a government or healthcare entity within the last 3 years.

5. Proposal Submission Format

Please submit a detailed proposal containing:

- Executive Summary
- Technical Approach
- Compliance & Timeline
- Relevant Experience
